Summary

Full-stack web developer with strong analytical skills and educated at the University of Minnesota Coding Bootcamp. MERN stack with emphasis on JavaScript and Progressive Web Applications. Experience with non-profits, CRMs, and databases. Background in Statistics (R). Looking to broaden my horizons, learn new languages, and code new projects.

Technical Skills

Languages: JavaScript, SQL, Java, PHP
Technologies: Express.js, Node.js/npm, Jest, AWS, Apollo, GraphQL, PWAs, RESTful APIs, React, HTML, CSS, jQuery, Apache
Databases: MySQL, NoSQL, Postgres, MongoDB, JawsDB
Abilities: Excellent written communication skills and highly detail-oriented; Organized and comfortable with multiple projects; Able to work closely in a team or independently; Able to learn new things quickly; Able to problem-solve independently and ask for help only if necessary

Relevant Experience

Mental Health Check   *Present*
github.com/nitrotap/mental-health-check
A mental health quiz app that helps users track their moods and check-in with themselves
Project Leader – organizing project, setting up project structure, delegating tasks, fixing merge conflicts and bugs, deployment workflows
Technologies - (MERN stack) MongoDB, Express.js, React.js, Node.js/npm, Chart.js, Material UI (CSS-in-JS), Apollo/GraphQL, Heroku, bcrypt, and JSON Web Tokens

Traveler's Hidden Gems   *Present*
github.com/nitrotap/travelers-hidden-gems
A travel guide to hidden spots across the globe. Find the offbeat, see something interesting, and share it with others!
Project Leader – organizing project, setting up project structure, delegating tasks, fixing merge conflicts and bugs, deployment workflows
Technologies – Node.js/npm, leaflet.js, GeoApify API, bcrypt, Express.js, Sequelize ORM, MySQL, Bootstrap, Handlebars.js, express-cookies, and OpenStreetMaps

Data Entry/Tech Support Volunteer   *2017 – Current*
Alzheimer's Association   *Denver, CO*

Critical thinking used to ensure accuracy of key database identifiers
Quick problem solving during education classes providing on-demand tech support virtually
Completed Certification Training for Personify (CRM)

Application Coordinator, Willow-Inpatient   *2011–2012*
Epic Systems   *Madison, WI*
Critical thinking used to coordinate implementation of Willow-Inpatient
Technical competencies and teamwork demonstrated by working with Interface team
Leadership demonstrated providing task management and tracking for build team
Communication used as primary point of contact for all customer-related questions

Education

Full Stack Undergraduate Certificate   *Current*
Regis University   *Denver, CO*
16 credit certificate program focusing on web development and software engineering, using
PHP, AJAX, Angular, REST, D3 & Cordova.

Full Stack Web Development Certificate   *2022*
University of Minnesota   *Minneapolis, MN*
24-week intensive program focused on gaining technical programming skills in HTML5, CSS3,
Javascript, JQuery, Bootstrap, Node.js, MySQL, MongoDB, Express & React.

BS & Master's in Statistics   *2011*
University of Pittsburgh   *Pittsburgh, PA*
Combined BS/MA program, focusing on practical applications of statistics in healthcare,
industry, and research. Statistical programming in R, SAS, and SPSS. Statistical Consulting
across multiple disciplines, and coursework including GLMs, Categorical and Logistical Models,
and Experimental Design
